This is to certfy that I have examined the books and other financial records of the School Board and School Treasurer of Stoddard, of which this is a true summary for the fiscal year ending June 30, 1939, and find them correctly cast and properly vouched.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and the Citizens of the Stoddard School District:

Herewith I submit my fifth annual school report for your consideration.

SCHOOL ORGANIZATION

School Board: Kenneth McClure, Chairman; Ross A. Ayer; Mrs. Aubrey A. MacMahon.
Supt. of Schools: Vincent Gatto, Ed. M., Hillsboro, N. H.
Teacher: Mary Phelan.
Graduates in June, 1939: William Henry May.

GENERAL DISCUSSION

The school opened in the fall with a membership of twenty-eight pupils. As usual this number has varied during the course of the year. I have carried out my usual duties of attendance at board meetings, school inspection and supervision, and securing books and supplies for the teacher and the scholars. We have had no difficulty in adapting the school work to the ability and interests of the children. But we have had a little difficulty with the behavior of the children. A greater effort on our part to master the situation, and better cooperation from some of the parents, have helped a great deal in securing more harmony.

During the past five years we have succeeded every year but one in graduating pupils from the school. We hope to graduate two pupils this spring. May nothing happen to interfere with our plans for a graduation program.

It is a source of satisfaction that the school is gradually becoming better equipped. The table and the kindergarten chairs purchased this year have been a great addition to the school.

A more modern heater should replace the box stove. Our school patrons are too familiar with the advantages of the more modern heaters for me to say much about the advisability of such an improvement. Sooner or later adjustable desk units should be provided to accommodate the growing children. It is imperative that something be done very soon to improve the toilet facilities. Provisions should be made for plenty of drinking water for the children from a nearer source of supply. It is not too much to ask that our school be made as attractive and efficient as the better homes of the community.

Respectfully submitted.

VINCENT GATTO,
Superintendent of Schools.
